

GRADE TWO CHILD PROTECTION TEACHING OBJECTIVES

1. God made me special and others must respect me and I must respect myself.
2. We have families, friends, and a church family to help us grow in love.
3. Safe touch makes a person feel loved and cared for. Unsafe and unwanted touch makes a person feel uncomfortable and unhappy. Unsafe and unwanted touch must be avoided and immediately reported to a parent or trusted adult.
4. We show respect for others and ourselves by how we talk and how we act. Each person must show special respect for the private areas of our bodies. Areas of the body covered by the bathing suit zone are private.
5. Good choices help us to be happy and bad choices on our part or on the part of others can cause great unhappiness. We must make good choices even if others are making bad choices.
6. Small children, older children, and adults can do things or behave in ways that are wrong. We avoid and report bad or wrong behaviors to be safe.
7. Some secrets are not good and can harm us. We must tell secrets to a trusted adult. Good games and play are fun for each person. Bad play is not play, it is wrong.
8. We learn to tell good friends from bad friends. Some friends love and help us. Other friends are not truly friends. Good friends do not ask us to do bad things or things that harm us.
9. I am surrounded by people who love me and who will help me be safe. My parents and family members and trusted adults in my life help to keep me safe. If anyone ever harms me in any way, I will find help.
10. My parents and family members and other trusted adults will listen to me and help me. I will make a list of three trusted adults I can go to with any problem in addition to my parents and family members. My parents and I will make this list together.
